

**Supporters:**

China Chemical Fiber Association  
China National Chemical Fiber Corp.

**Organizers:**

China Chemical Fiber Economic Information Network  
Tecnon OrbiChem

**Sponsor:**

BASF (China) Co., Ltd.

### Conference Agenda

**Dec 6**

**A. M.**

**Time Topic**

- 9:00 **Nylon Industry -- Analysis in 2007 and Perspective on Future Market Trend**  
Zheng Junlin, Assistant to President of China Chemical Fiber Association
- 9:25 **Perspective on China Caprolactam Market in 2008**  
Sun Hongfen, Professional Analyst, China Chemical Fiber Economic Information Network (CCFEI)
- 9:50 **World Review of PA6 and PA66: Similar Uses, Different Feedstocks**  
Charles Fryer, Board Chairman, Tecnon OrbiChem
- 10:15 **Coffee Break**
- 10:30 **World Caprolactam Availability and the Growing Role of PA6 Polymer Sales**  
Giorgio Greening, Director of Global Business Management Polyamide and Intermediates, BASF AG  
Jaeyoung Lim, Director, Head of Business Management of Polyamide and Intermediates, BASF Asia Pacific
- 10:55 **Consideration and Discussion on Development of China Domestic Caprolactam Industry**  
Pan Jiuhai, President, Shijiazhuang Chemical Fiber
- 11:20 **Status quo and Perspective of China Nylon Cord Fabric Market**  
Zheng Xiaoguang, President, Shenma
- 12:15 **Luncheon (Garden Restaurant, 1F)**

**P. M.**

**13:30 Caprolactam and Nylon Industry in Poland**

Jacek Dychton, Sales Manager of Engineering Plastics, Zaklady Azotowe w Tarnowie-Moscicach S.A.

**13:55 Discover the wonders of Caprolactam, a break-through solution for Indonesia**

Elieser Sorohadmodjo, President, PT ElSORO Multi Pratama, Indonesia

**14:20 China Nylon and Intermedia market**

Michael Zhan, Asia Pacific Region Sales Manager, Nylon Plastics and Polymers, Solutia Inc., Shanghai office, China

**14:45-16:45 Tricon Energy Cocktail Party**

**18:00 BASF Night**

**Dec 7**

**A. M.**

**Time Topic**

**9:00 Asian Benzene market and ACP (Asian Contract Price)**

Shoji Gonda, Deputy General Manager, Nippon Oil Corporation, Japan

**9:25 Making Non-halogen Flame-retardant Nylon 6 through In Situ Polymerization**

Feng Meiping, Editor in Chief, Sinopec Polyamide Technology Development Center

**9:50 Rhodia Polyamide: Focus to Support The Growth of Polyamide 6.6**

Christopher Skinner, V.P. Strategic Marketing, Rhodia Polyamide

**10:15 Coffee Break**

**10:40 Additives for Polyamides to Improve Physical Properties and Commercial Value in Technical Applications**

Klaus Titzschkau, Business Unit Manager Polymer Additives, Bruggemann Chemical, Germany

**11:15 The Application of Nylon Engineering Plastics and Its Market**

Zhang Huaizhong, HPN Project Dept. of Central Researching Institute, Shanghai Genius Advanced Material Co. Ltd

**11:40 Review and Perspective on China Nylon 6 Market**

Jiang Zhenhua, Professional Analyst, China Chemical Fiber Economic Information Network (CCFEI)

**12:15 Luncheon (Garden Restaurant, 1F)**
