**In the evening of the first conference day, we'll sincerely invite you to enjoy buffet and night cruising along Shanghai Huangpu River, and discuss the global acrylic fiber and ACN market together (without extra charge for registered participants).**

Huangpu River, known as the flowing soul, a symbol of Shanghai, is a famous tourist attraction in China. Huangpu River Cruise brings you from the center of Shanghai to the confluent area of Huangpu River, the Yangtze River and the East China Sea, which is just near the Wusong port. When cruising on Huangpu River at night, you'll see brilliant lights on both the historic west side (the Bund) and the modern east side (Lujiazui), feeling classic and prosperous, and meanwhile the magnificent building skylines along the river will fill you with thick atmosphere of history.
